INNOVATIVE DIGITAL SOLUTIONS **TECH**

 **SO  
CLEAN**<sup>TM</sup>  
PERMANENT ANTI-BACTERIAL

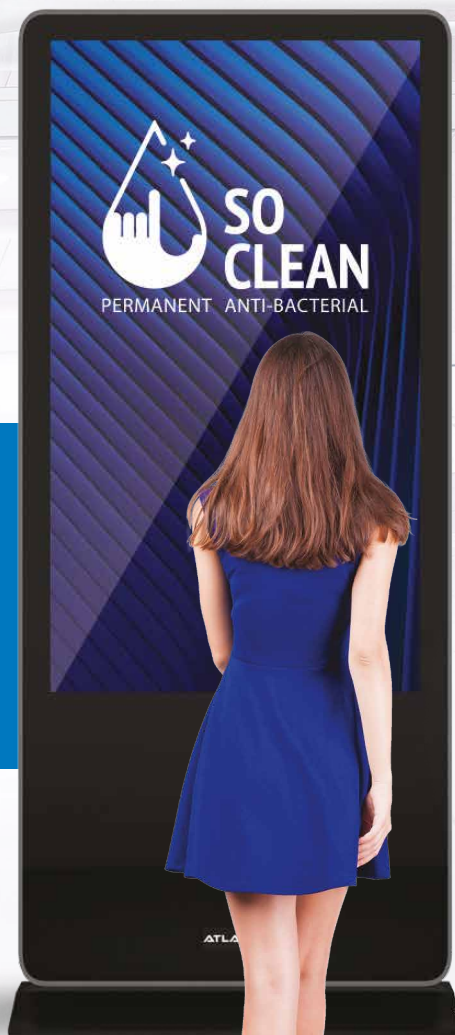

**A decisive innovation, whose concept  
is covered by Patent,  
SoClean™ is the antibacterial and virucidal  
solution for your equipment.**

**ATLANTIC™**  
INNOVATIVE DIGITAL SOLUTIONS **TECH**

**Good hygiene  
practice is a concern  
of yours and you  
would like your  
kiosks to be:**

- ✦ **Waterproof and protected  
against bacterial growth**
- ✦ **Safe thanks to patented  
eco-friendly technology**

**Opt for the  
SoClean™  
treatment**

Touch screen kiosk

**SoClean™**

# The danger of infectious agents

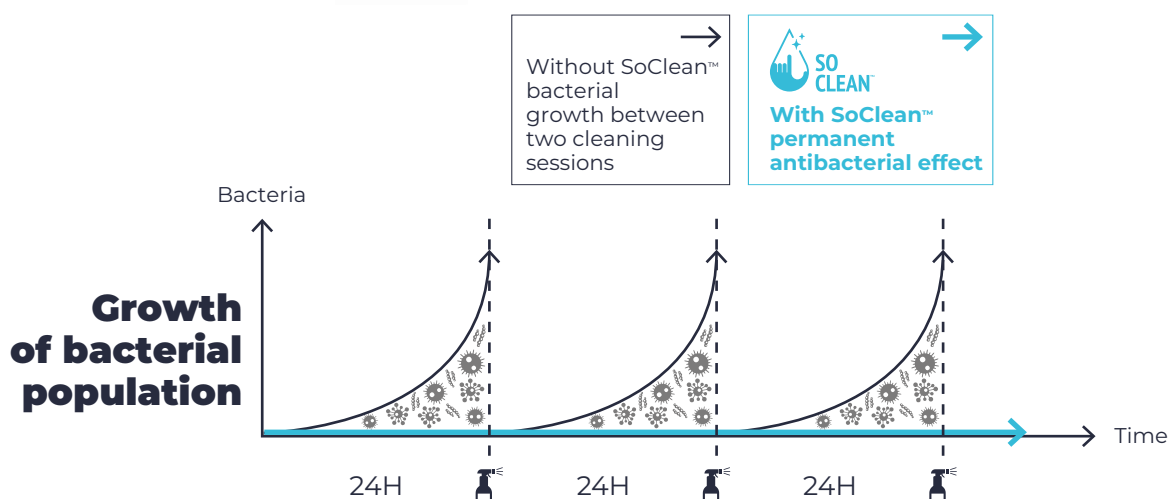

Bacterial micro-organisms form in the space of a few hours, requiring frequent cleaning.

**Bacteria multiply and grow very quickly.**

**Infectious agents form very quickly, between 2 cleaning sessions in 24 hours**

**THE NEW SOCLEAN™ TREATMENT PROTECTS your equipment 24/7**

The SoClean™ treatment is composed of silver ions acting as a barrier to bacteria.

When the ions come into contact with bacteria, they prevent them from growing and multiplying, leading to their total destruction.

Active silver ions are added to the SoClean™ treatment during manufacturing.

Silver ion

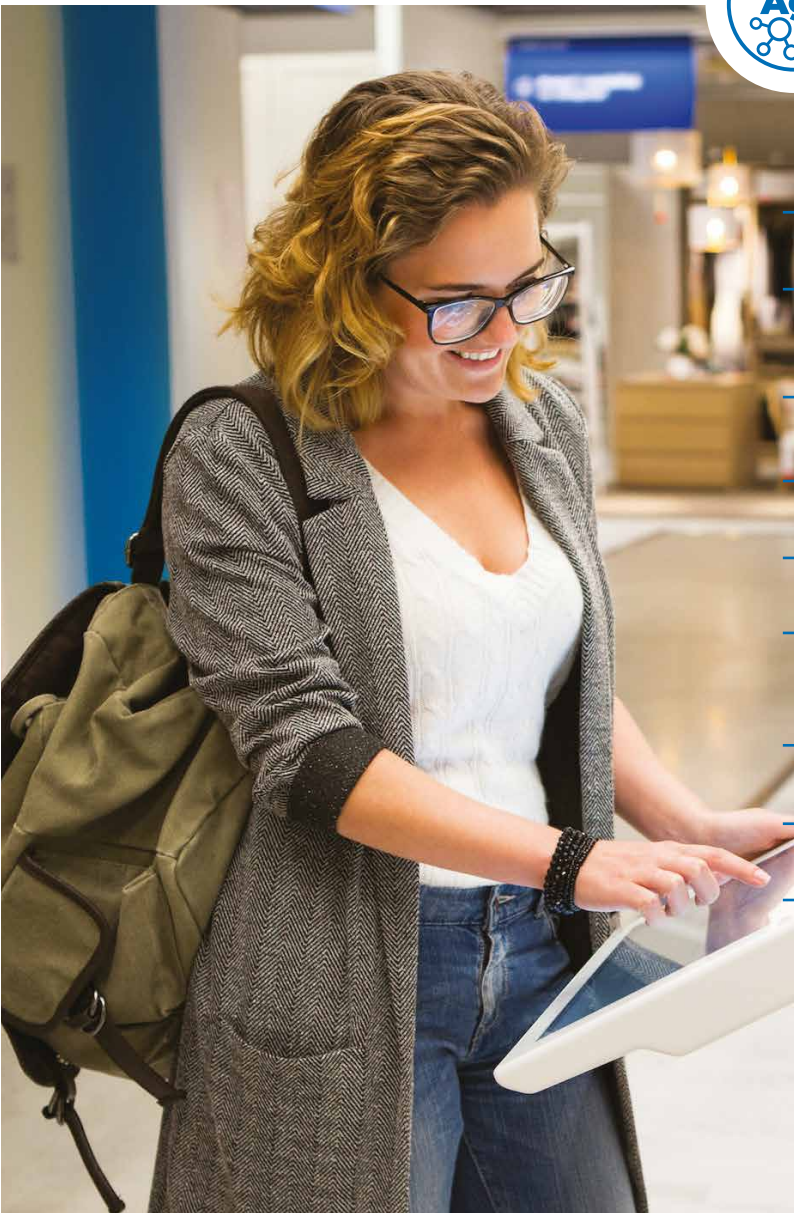

Bacterium

**Bacteria grow when moisture is present.  
The SoClean™ treatment is waterproof and creates a barrier against moisture.**

## The antimicrobial effectiveness of silver ions ✨

PERMANENT PROTECTION

99.99% REDUCTION  
IN BACTERIA

NO HUMAN INTERVENTION

EASY TO CLEAN

WATERPROOF

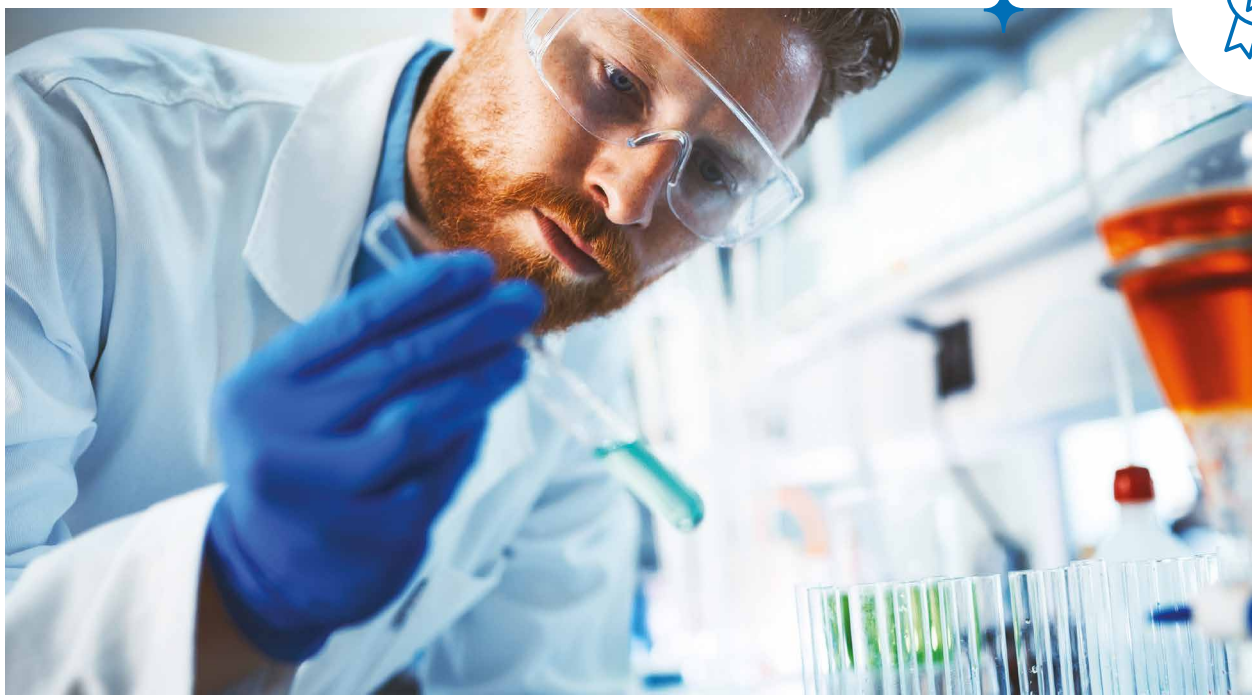

PREVENTS FORMATION  
OF INFECTIOUS AGENTS

ACTIVE FOR 5 YEARS

100% ECO-FRIENDLY

SKIN-FRIENDLY

## Evidence from trials

### Antibacterial treatment activity

Strain	Bacterial reduction	Log reduction
Salmonella enterica subsp enterica	99.99 %	> 4.6
Listeria monocytogenes	99.99 %	> 4.2
Staphylococcus aureus	99.99 %	> 4.1
Escherichia coli	99.99 %	> 4.5
MRSA	99.99 %	> 3.5

NB: The log reductions obtained with the Ag ions may differ depending on the techniques and according to the incubation periods and environments used.

## Antibacterial action

### Fast

Penetration  
and destruction  
of bacteria

### Powerful

Active  
in very low  
concentrations

### Long-lasting

24/7  
for several years

SoClean™ invents  
the first antibacterial and virucidal  
treatment for your equipments
